FREE Online Ordering: 100% Digital

COVID has had a devastating impact on the restaurant industry. And longer term effects will undoubtedly include guests' increased preference for digital ordering, delivery, and curbside pickup. **Qu is offering a fast, turnkey online ordering solution free for 90 days to help you survive COVID.**

What's OrderUP?

A quick-start, all-virtual online ordering product that requires **no hardware** and no changes to your current technology. Orders are routed to stores in real-time via email and visible on a mobile-friendly dashboard.

How Does it Work?

Your online ordering site is set up by Qu in as little as 72 hours, with Qu resources doing menu configuration, testing, and marketing launch services—free of charge.

What Will I Get?

- 1) **Cloud-enabled online ordering** integrated with your brand website
- 2) **Direct delivery integrations** with DoorDash and UberEats (optional)
- 3) **Contactless orders and payments** to enable your pickup options
- 4) **Menu optimization services** to increase time to market & profits
- 5) **Free marketing & promotional services** to get the word out to your customers

What's the Hook?

No hooks or crooks! No annual contracts. No hidden fees. Enjoy the product and services at no charge for 90 days (thru July 31). **This is not a sales ploy**, we're doing what we can to help our restaurant brands survive this crisis.
